

# 1000 Books Before Kindergarten Registration

## How it works:

1. Register your child at Selover Library.
2. Read books to your child, any time between birth and the beginning of kindergarten.
3. Mark off each book you read on the logs (either on paper or with an app you download).
4. Return your completed log to Selover Library for a sticker and a prize. Pick up your next log.
5. Repeat until you reach 1000 books!

## Remember:

- You can count books others read to your child at daycare, at story time, at relatives', anywhere!
- You can count the same book every time you read it.
